📺 What You Can Expect

Depart from a central Cozumel location and enjoy a short cruise on a stylish ferry along Cozumel's picturesque west coast. On arriving at your dive site, board your authentic US Coast Guard Certified submarine and dive to the intriguing depths of the ocean to explore Chankanaab, an environmentally protected marine park considered one of the world's prime diving destinations.

Atlantis Submarine Cozumel

Cruise along the ocean bed to discover the diverse and dazzling marine life of the protected park, appreciating the rare opportunity to venture where only experienced scuba divers have gone before. View the underwater wonderland through large circular windows as your informative guide directs your attention to parrotfish, grunts and groupers.

Watch as your captain expertly navigates the submarine through enormous 30 foot (9 meter) coral heads, providing captivating commentary throughout the deep-sea voyage. Capture your underwater moments on camera before your submarine returns to the surface. Then, venture back to the original departure point on the ferry, where your tour concludes.
